

Vidyashree M Bhandiwad

Computer Science and Engineering Undergrad, PES University, 4th Semester

EDUCATION

PES University 2023 – 2027

Bengaluru, India

B.Tech, CSE (AIML) – 7.5/10.00

- **Relevant Coursework** : Statistics for Data Science, Python, C, Data structures and Algorithms, Operating systems and Computer Networks

TECHNICAL SKILLS

Programming Languages: Python (Proficient), C/C++ (Intermediate)

Developer Tools: Visual Studio, Git, Jupyter Notebooks, Google Colab,

Machine Learning: PyTorch, pandas, numpy, scikit-learn, HuggingFace

Web Development: HTML/CSS, ReactJS, JS, Django

Database: MongoDB

PROJECTS

Arcademics | Gamified Learning Platform | MERN | 2024

- Designed an interactive learning platform targeting 10-16-year-olds, incorporating gamification to make learning engaging.
- Features quizzes, challenges, and interactive modules across subjects like math, science, and social studies to reinforce learning.
- Implemented a point-based reward system, leaderboard, and achievement badges to encourage participation.

NavAR | City Navigation Guide | Unity, ARKit/ARCore | 2024

- Developed an AR-based navigation system at Genesys State-Level Hackathon.
- Implemented waypoint-based AR navigation with QR-code location tracking and a real-time map.

Fake News Detection | BERT, NLP | 2024

- Built a BERT-based Fake News Detection model at Datathon Epoch.
- Used NLP to classify news articles as fake or real, improving accuracy via fine-tuning

POSITIONS OF RESPONSIBILITY

Linux Legion- EVM Member

MahilAI- Research Member

AURA-Logistics Member

EXTRACURRICULARS

Languages: English, Telugu, Kannada, Hindi,

Hobbies: Badminton, Swimming ,Collecting stamps & currency, Music enthusiast, Reading books
